- because this complete, ready-to-use Digital Presentation package will help you make your point!

## ***DETAILS***

### ***AVerMedia AVerVision 355AF Portable Document Camera***

#### ***Why we like it***

We've had nothing but great experiences selling and using AVerMedia document cameras. They are well- built, offer a huge range of features, and are backed by a 5-year AVerMedia warranty.

Here's a brief list of the features that make the 355AF our choice of document camera for this package:

- Full HD 1080p widescreen output resolution (1920x1080)—the wide-screen allows a larger shooting area, it closely matches the resolution of the accompanying digital projector, as well as modern laptop screen resolutions, and it is better suited for special usage, such as split screen presentation
- 14" x 11" shooting area

- Auto or manual focus
- 80x total zoom - 5x optical
- Color/b&w/negative/mirror/reverse/freeze effects
- Picture-in-Picture and split-screen viewing
- Onboard still image and video capture to SD card or USB flash - you can record a presentation ahead of time and then use the images and/or video to create YouTube videos or PowerPoints. You can also save live demonstrations to use later.
- VGA, DVI-I, composite, USB 2.0 ports, built-in microphone, audio in/out
- Integrated LED lamp
- Laser positioning guides
- Remote control
- AVer+ Interactive Software for PC and Mac

Additionally, the 355AF weighs only 4.4 lbs. and folds to a compact 14.4" x 6.8" x 2.5" for easy storage and travelling.

### *What we do*

- We unpack and inspect the document camera and all of its accompanying parts and paperwork to ensure that everything that should be enclosed is present and that everything has arrived unscathed.
- We test every ability and function of the camera thoroughly; then we color-code the appropriate cables and ports.
- We prepare a condensed set of operating instructions to work with our color coding to minimize any confusion, making installing and using the document camera as easy as possible for you.

### ***AVerMedia AVerVision 355AF Carrying Case - VISIONPCC***

It is very important to protect your document camera between uses and to make it easy to travel with. This case will hold the document camera, cables, and some additional material. We include this high quality carrying case from AVerMedia with every document camera.

### ***Kensington ComboSaver Combination Notebook Lock - 6' cable***

We include a reinforced steel security cable with this presentation package — it's too easy for someone to walk away with your expensive equipment, and we think that a proactive impediment is a good thing. This is cheap insurance. The key is not to be lazy, but rather to be paranoid and to use it when it's appropriate. The AVerMedia camera has a special slot designed to be used with this security cable.

### ***Belkin 7-outlet business-grade surge protector - 6' cable***

It is very important to protect your equipment from electrical maladies such as surges. This high-quality surge suppressor is another example of cheap insurance. Never plug your equipment directly into a power outlet without quality surge protection.

## ***TIME AND SHIPPING***

### ***Preparation & Testing Time***

Barring any unforeseen circumstances, build-up, customization, and testing time for this solution is approximately 2 weeks, at which point it will be packaged and shipped to you.

### ***Shipping Method***

We provide **FREE** FedEx Ground service to the lower 48 states. Standard FedEx rates will apply to orders shipped to Hawaii and Alaska.

#### **Optional Shipping Upgrades:**

We also offer FedEx 2Day and FedEx Standard Overnight services as added-cost options after the completion of your order.

For further information, see the FAQs.

## ***WARRANTIES & SUPPORT***

All warranties and support of individual products contained in this package are provided by their respective hardware manufacturers or software publishers; please contact them for complete details. The warranty periods begin on the date that appears on your final invoice, which will be sent to you when your order ships.

#### **AVerMedia AVerVision 355AF Portable Document Camera**

- 5-year AVerMedia Warranty, first year includes AVerCPR™ Carefree Product Replacement - 72 hour product replacement for defective products

#### **Kensington ComboSaver Combination Notebook Lock**

- Lifetime Kensington Warranty

#### **Belkin 7-outlet business-grade surge protector**

- Lifetime Belkin Warranty

## *You can buy with confidence!*

- We've been in business since 1982.
- We offer only top-quality, business-grade, name-brand products.
- We are an authorized business partner with all of the major software publishers and hardware manufacturers that we feature
- If, at any time, you encounter a problem with one of our products and you're not sure how to proceed, we are here to help, so please contact us.
- All of our products are backed by e-mail & toll-free support, as well as our 7-Day Return Policy; see Our Policies for details.
- We respect your privacy. Other than to process your purchase or to respond to a legal obligation, we will never share information that you provide to us without your permission. Please see Our Policies for details.
