

Flexible Mobility

The InFocus IN1100 mobile projector series is the perfect solution for business teams, teaching groups and presenters looking for a projector that's easy to use, easy to move, and provides a great image every time you turn it on. Connect to your laptop via USB to instantly project with InFocus' exclusive DisplayLink™ feature. This new technology transmits video along one tiny cable and also offers on-screen projector controls with zero setup time or screen configuration.

The InFocus IN1100 series projectors provide presenters with the true-to-life colors of InFocus tuned DLP® with BrilliantColor™ technology. Choose the IN1100 series if you're looking for unparalleled image quality, a widescreen resolution option and DisplayLink innovation bundled into a small, 2.75 pounds (1.25 kg) projector.

- Compact (2400cc) and light (2.75 lbs/1.25 kg)
- Up to 2200 lumens with DLP BrilliantColor Technology
- Instant setup with exclusive DisplayLink feature
- **Optional WXGA widescreen** works with the latest laptops
- LiteSwitch instant ON/OFF

DisplayLink over USB

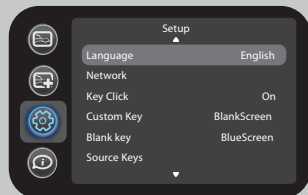

DisplayLink technology transmits video content over mini-USB, offering the simplicity of zero display setup - just connect and present in seconds. Easy to carry and simple to use, DisplayLink eliminates the need to toggle screens and turns your computer into a fully functional remote control in the process.

IN1100 (SERIES)

Intuitive and Easy to Use Interface

Over 20 years of customer feedback has gone into designing the IN1100 series best-in-class menu system. It is easy to navigate, has 17 standard languages and a unique intuitive flow.

LiteShow II

Eliminate cables and speed set-up time with LiteShow II. This wireless adapter enables cable-free presentations. Switch presenters in seconds and transmit data, audio and stunning video over a 300' (95m) range.

LiteShow II

Optional Accessories

- Replacement Lamp (SP-LAMP-043)
- LiteShow II Wireless Adapter (INLITESHOW2)
- Security Lock (SEC-LOCK-01)
- Cables & Adapters
